Ladies and Gentlemen,

It is a great pleasure for me to address you all this afternoon at this gathering in efforts to combat CoVid-19. I am pleased that you all have honoured our invitation to join us in order to witness this collaboration with CNNC Rössing Uranium Limited towards the fight against Covid-19.

Since the outbreak of CoVid-19, the Government of Namibia has demonstrated its commitment to the wellbeing of the people of Namibia by providing significant resources to counter CoVid-19. At the very onset, allow me to thank the CNNC Rössing Uranium Ltd, for providing the state with the unique opportunity, to enable them to be actively engaged in the fight against COVID-19. Had it not been for their generous efforts and hard work, this event could not materialize.

Director of Ceremonies, ladies and gentlemen, I am pleased to inform you that, despite all these challenges faced by the Namibian nation, the Ministry of Health and Social Services is committed to fight against the corona virus; of which three (3) cases have been confirmed positive, thus far. We will be able to fight this, together with all the stakeholders and Namibian nation at large.

I would like to call upon all stakeholders in the sectors of health and social welfare services, to put efforts together so that we succeed in making Namibia a better place; by coming up with similar gestures, as part of their corporate social responsibilities. N\$ 200,000.00 is a lot of money and every cent of this donation will be accounted for and spent on this emergency case of COVID-19

In conclusion, I would like to thank CNNC Rössing Uranium Limited for the immeasurable support in the fight against CoVid-19 in Namibia.

Special thanks go to all our stakeholders for their tireless efforts in fighting the CoVid-19 epidemic. I also want to thank you all for attending this session.

**I thank you!**
